

A NEW JAIL.

The Site Will Probably be Selected Monday.

It is very probable that at the session of the county court Monday that body will make some arrangement for the purchase of a site for a new jail. It has long been recognized that the care of prisoners and since the grand jury made such decided stand in favor of a new jail public opinion has crystallized on the subject. Judge Dalby has been looking for a site for several days and has made a special study of the matter in which prisoners should be treated. As a result of this he has his eye on a location for the new jail and will advise the county court to purchase the property at once as the chances are that it can never be bought in the future as cheap as it can now. His idea is to have quarters large enough so that prisoners can work under guard in an enclosed ground. The prisoners can be put to work making macadam and it can be hauled out on to the roads. The Judge's idea making country roads is to commence either on the east, west, north or south side of the city and make a mile of road. Then go to some other side and make another mile and continue this until four roads are started. Then go back to place of beginning and make another mile and so on until four roads are built to the county line in each direction. He thinks there would be no serious objection to the making of roads in this manner and that in a few years, Pettis county would have some good roads.

A NATIONAL EVENT.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on Nervous and Heart Diseases, with unequalled testimonials free at A. T. Fleischman's. It is warranted to contain no opium, morphine or dangerous drugs.

A NEW GUN CLUB.

Local sportsmen have for several days been agitating the formation of a gun club and matters have so far progressed that it is expected a charter will be obtained in a few days. The moving spirits in the enterprise are Joe Minter, A. Farnham, John Sneed, F. Meyer, Cam Sneed, James Doyle, James Scott and others. Mr. Scott is acting secretary of the proposed organization and has called a meeting of those interested in the project to be held at Mr. R. C. Sneed's office on April 24th at 7:30 o'clock, p. m. There are between five and one hundred gentlemen in the city who will take an interest in sporting matters and it is thought a large majority of them will be secured for the organization.

It is proposed to hold the shoots at Association Park.

Children Cry for Pitcher's Castoria.

COUNTY SURVEYOR.

The complexion of the race for county surveyor has changed somewhat since yesterday and it is now thought that the office will be offered to Mr. John W. Conner formerly county recorder and a surveyor of some note. A petition is being circulated in his favor and Hon. Wm. Steele and Judge Yeater are in Jefferson City to-day conferring with the Governor on his interest.

Mr. Meritt Yeater who was mentioned yesterday as a probable candidate has stated that he would not accept the office, as his present duties are of sufficient magnitude to take all his attention. It is thought the Governor will make the appointment within a very few days.

BLACK-DRAUGHT tea cures Constipation.

THE MONTH OF SHOWERS.

April is proving itself a month of showers this year and no mistake. Mr. C. G. Taylor the local observer for the government reports that the rainfall for the past seven years for the month of April has averaged as follows, 1885, 5.09 inches; 1886, 4.37 inches; 1887, 4.12 inches; 1888, 1.32 inches; 1889, 3.78 inches; 1890, 2.20 inches while for the first twenty days of April this year the rainfall has been 5 inches. The rain this morning was accompanied by hail, thunder and lightning with a little wind and amounted to 0.75 inches.

FOR SALE.

One of the best four-year-old stallions in the county—good pedigree. Will sell or trade at a bargain, or let to a good man for the season on shares. Will be found at Collins & Farnham Stables on Osage street.

THE STATE ENCAMPMENT.

The Commercial club ever alive to the interests of Sedalia is now making an attempt to secure the next encampment of the state militia with every respect of success. The officers and some of the directors of the club held an informal meeting last night and concluded to at once send a delegation to Jefferson City to confer with Adjutant General Wickham and Governor Francis relative to holding it in Sedalia. The club and citizens are willing to do the handsome thing by the soldier boys if they will come here and as Sedalia has splendid railroad facilities and is in such direct rail communication with all cities where the state guard is located it is thought a majority of the companies would rather come here than go elsewhere on account of the expense. Captain H. C. Demuth and Hon. Mont. Carnes have been selected to represent the club at Jefferson City and have gone town there to-day so as to be the first in the field.

THREE DROWNED.

A Boat Capsizes on the Osage, and Vernon County Mourns.

Three well known Vernon county ladies were drowned at 3 o'clock Friday evening while boat riding on the Osage with Mr. Matthews and another gentleman. The ladies were Misses Minnie and Hattie Kaufman, aged 18 and 15 years, daughters of William Kaufman, a prominent and wealthy citizen of Henry township, and Mrs. Matthews. The boat had been built especially for the young ladies. The boat capsized about one mile and a half east of Hoover. The river was bank-full, and by some means, ran into a tree top which caused it to capsize. The ladies clung to the tree top, which sank from their weight, and they were drowned. One man swam ashore and the other floated down the stream about two hundred yards with the boat and then swam out.

The body of Mrs. Matthews was found Saturday evening where she sank, her clothing being entangled in the tree top to which she had clung for life. She was a young lady, and had only been married a short time. The Misses Kaufman were both very excellent young ladies, and very popular among their numerous friends and acquaintances, and the sad occurrence naturally causes a deep gloom of sorrow throughout Vernon county.

—My wife was so badly afflicted with rheumatism as to be unable to move in bed without assistance. Our druggist, Mr. Laddamus, recommended Chamberlain's Pain Balm, which greatly relieved her. We have used six bottles at various times, and would not be without it at hand. —JAS. COLEMAN, Lowell, Neb. 50 cent bottles for sale by Aug. T. Fleischman's Pharmacy, corner Fourth and Ohio Sts., Sedalia, Mo.

AN INTERESTING TALK

With Judge Gantt, the Able Supreme Court Representative.

A BAZOO representative had the pleasure of accompanying Judge Gantt of the supreme court, from his Clinton home to Sedalia yesterday evening on the M., K. & T. train that reached this city at 6:15. The Judge was in excellent health and was free to talk on the principal topics of the day. In answer to the question as to the amount of work that lay before the court, Judge Gantt said: "We have now in the neighborhood of eight hundred cases before us that demand a speedy consideration. Of course it is absolutely impossible for us to give all these cases our immediate attention for each case has its turn and must come in its regular order, but with the help of the new judges recently elected we hope to clear the docket in the next four years. Our work at present is very laborious and perplexing but when we once catch up our labor will be pleasant and agreeable."

In answer to the question as to what he thought of the next senatorial contest and who he thought would be the winner, the judge said:

"I do not know for certain that Gov. Francis has definitely decided to make the race, but in the event that he should, he has a very hard and a very popular man to beat. Senator Cockrell is one of the best informed and one among the most popular men in the senate, the people of Missouri of all classes idolize him, and in him Gov. Francis will find a formidable adversary. If Gov. Francis can overcome the opposition presented by Senator Cockrell he need not fear the efforts that will be put forth by any other candidate." The judge left Sedalia on the midnight Missouri Pacific train for Jefferson City to resume his labors. He intends moving his family to "Bingen on the Rhine" in the near future.

A MYTHICAL BURGLAR.

He Causes a Sensation on East Fifth Street.

Some of the Scenes at an Early Hour This Morning at Col. Rich'd Ritter's Residence—Heroic Action of the Neighbors.

Any one who has any regard for property will not mention the word "burglar" in a light and airy way in the presence of "Dick" Ritter, Judge Dalby and other residents of East Fifth street.

It was just the morning for a burglar, was this morning. The dark clouds fleeced with white, looked blacker than usual and the moon was making a desperate and unsuccessful attempt to fulfill the duty of the electric light company, when a pistol shot rang out loud and clear and a woman's voice was raised in the piercing cry of "help," from the residence of Col. Richard Ritter, 312 East Fifth street. The voice of distress brought help, in scant attire it is true, but nevertheless, help that was armed and full of valor. The cause of the pistol shot and the woman's scream, was a mythical burglar, supposed to be flying hither and thither about the Ritter residence laying in a store of the valuables. The pistol shot was not aimed at an imaginary burglar even, but was just one of those shots intended to strike terror to evil doers and neighbors alike. The burglar has not been heard from the latter have; they came in droves. Judge Dalby is claiming the honor of having been the first on the spot, although that honor is disputed by some half dozen valiant men and women among whom is Col. Archer. The Judge was clad, say those who gossip, in a white silk "nightie" with ruffled front and bottom trimmed with flaming red embroidery, but he does not care to have the incident mentioned as it may cut some figure in the next canvass, especially among the farmer class. He carried a double barrel shot gun loaded with buck shot. Col. Archer had round his Apollo like form the classic drapery of a Greek God and a pair of balbriggan hose. He supported a musket, a relic of the late unpleasantness. George Dalby was armed with a revolver as were several others, and not a few of the ladies are said to have appeared on the scene with brooms, garden hoses and similar implements of fair woman's warfare. These valiants surrounded the house and awaited the arrival of two minions of the law, officers Scalley and McGee. The officers made a search of the premises, but no burglar was found, everything was in its proper place and every door and window was the same as it was left when the family retired. Some evil minded persons have suggested that "spirits" were the cause, but those who were on the spot deny the assertion. There is a moral to all this, however, and that is the above section of the city is not a safe place in which to go a "burgling."

SEDALIA STILL DEMOCRATIC.

It turns out that Sedalia went democratic the same as usual at the late municipal election. It so happened that three of the four wards in which an election was held, were republican, and the election of republicans therein was like unto the Dutch taking Holland. The Sedalia Gazette's crowing over holding its own can only be pardoned when it is remembered that the g. o. p. is so in the habit of losing its strongholds that it dare not even claim Kansas and Pennsylvania.—Moberly Democrat.

Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. 1-29-edw6m.

COUNTY SURVEYOR.

Gossip as to Who Will Fill Out the Unexpired Term.

There is considerable comment this morning as to who will succeed the late J. C. Johnson as county surveyor. The names of several persons are mentioned in this connection, the most prominent of whom are Meritt Yeater, the present City Engineer, Charles Denny of Washington Township and John S. Slavens of Lamonte. The friends of Mr. Slavens are already in the field and are working hard for his appointment. His case is in the hands of Mr. Lon. Luther who is in the city to-day finding out what his chances are. Mr. Slavens is a native of Pettis county and a lifelong democrat. At present he is farming near Lamonte. He is said to be well qualified for the place and it is said that all the residents in that portion of the county are solid for him. There seems to be a division of opinion in regard to the eligibility of Mr. Yeater. Some of the lawyers hold that an officer cannot serve in two capacities at the same time. It is not thought, however that this would hold good in this case as the law in the case reads thus:

"In cities or counties having more than two hundred thousand population, no person shall, at the same time, be a state officer and an officer of any county, city or municipality; and no person shall, at the same time, fill two municipal offices, either in the same or different municipalities; but this section shall not apply to notaries public, justices of the peace or officers of the militia."

There are a number of precedents of where an official has served both the city and the county at the same time. In Kansas City the county and city assessor were the same for many years as was also the county surveyor and the city engineer. Mr. Yeater seems to be the favorite and if he makes an effort to secure the appointment will in all probability meet with success. The appointments in cases of this kind are made by the governor of the state.

FOUND IN A WELL.

It will be remembered that a week or so ago the BAZOO contained an account of the second raiding of a printing office at Maryville, Mo. A dispatch from that point says:

"Yesterday morning Will Cummings was passing through a vacant lot north of the school house. In an old well forty feet deep; with thirty-four feet of water, he saw what is called a planer floating on the water. Willie worked in a printing office. He looked around and saw some type. He went home and told his father, who came immediately to Griffin's office and informed him. They went to the well with a book and lowered it. An ordinary gunny sack with job stick, seven column chase, three column rules and a lot of type and leads was recovered. The next haul was seven column chase. The type taken at the last raid is probably all in the well, and perhaps the first lot."

—A farmer near Albia, Iowa, by the name of J. H. Wolf, has found a sure cure for croup. He says: "For the last eight years I have recommended Chamberlain's Cough Remedy for croup. Half of a fifty cent bottle will cure the worst case, if taken in time. On the 20th of this month, my boy, four years old, had the croup very bad and three doses cured him. I would not be without it in my family." If the remedy is given as soon as the child becomes hoarse, it will invariably prevent the croup. 50 cent bottles for sale by Aug. T. Fleischmann's Pharmacy, corner Fourth and Ohio streets, Sedalia, Mo.

AN ELOPEMENT'S SEQUEL.

Thomas Johnson and Gay Waddell Caught in Sedalia.

They Hail from Leavenworth and Are Now Playing Checkers. With Their Noses in the County Jail—Something of Their Record.

There is a large sized black cloud floating across the lives of Thomas Johnson and Mrs. Gay Waddelle. It is only a day since they were as gay as the gayest. The cause of this sudden change was the strong arm of the law, and they now languish in iron cages at the county jail all because they can not settle a fine imposed upon Thomas of \$25 and upon Gay for \$5, by his honor Judge Fisher.

Thomas and Gay are not residents of Sedalia of long standing. They came here from Leavenworth about a week ago. Thomas is a married man the father of several children, while Gay is the mother of a bright little boy and the wife of a good hard working coal miner. For several years Thomas and Gay have thought more of each other and have displayed that affection more lavishly than is thought to be consistent with the forms of good society. The attachment was noticed by the neighbors and there was an indignant feeling abroad in that city, the result of which the gay lovers thought to forestall. Mrs. Waddelle had not been living with her husband for some time having been estranged by reason of her intimacy with Thomas. On the 8th of April, Thomas having succeeded in amassing the comfortable sum of \$60, in company with his lady love came at once to this city. He secured a board at J. D. Smith's near the corner of Main and Lamine and cast his eye about him for work. This he found with Thomas Saunders a milkman, who resides near 20th and Lamine. Thomas and Gay were handy persons around the dairy and they soon endeared themselves so much to Mr. Saunders that he desired them to remain with him as long as they cared. Sunday, however, the breath of suspicion started on its tour of gossip and soon found an easy mark in Thomas and Gay. Deputy Sheriff Barnett was notified of the suspected relations of the couple and he at once put them under arrest and brought them before Justice Fisher on the charge of living in adultery. They were fined as above stated, and are now in the county jail with an unpleasant prospect of remaining guests of the county until fines and costs are paid. Gay is repentant and says she will return home to her husband and child as soon as she gets out and Thomas is basing his guesses on seeing daylight on the slim hope, that his brother, a teamster in Leavenworth, will send him the amount of his fine.

GREEN RIDGE NEWS.

Enterprise 22

—Albert Parker, of San Diego, Cal., is in town to-day.

—A fishing party is organized for Flat Creek to-morrow.

—The first move to be made by the new Trustees is the macadamizing of Main street at an additional cost, besides regular tax, of \$6 per lot.

—Marshal Bidwell arrested, Sunday evening, J. S. Pointer and Mike Williams, the former employed at Bennetts on Flat Creek and the latter at D. N. Rhodes, for riotous conduct on the streets. Both of the young men are from Osage county, Missouri and have been in this section only a short time, in fact have hardly become naturalized to the order of things in the more civilized Pettis, but it is confidently expected that with a few more experiences like that of Sunday they will fall into the regular line. The arrests were made about 3 o'clock, and with some little difficulty the marshal landed his prisoners in the refrigerator, where they were searched and locked up. Monday morning they were arraigned before Mayor Flesher. Pointer was charged with a fighting drunk, trimmings, disorderly conduct and threatening to slash the officer with a knife. He was fined \$5 and cost, amounting to \$7.75, and in default of the cash was remanded to the cooler. Mike Williams, drunk and disorderly was fined \$3 and costs, amounting to \$5, which he promptly paid and was released. Pointer succeeded in making his escape later in the day, but was recaptured by Marshal Bidwell at Geo. Lacy's on Flat Creek, where his brother prevented him being brought back to town by paying his fine of \$7.75.
